### Fractions Round Table

Discuss each statement in 3 rounds with your group.

- Round 1: Go around the group and state whether you agree, disagree, or are unsure about the statement and justify your choice. You can change your response in the next round.
- Round 2: Go around the group and state whether you agree, disagree, or are unsure about the statement you or someone else made in the first round. You can change your response in the next round.
- Round 3: State and circle the word to show whether you agree, disagree, or are unsure about the statement now that discussion has ended.

Repeat the rounds for as many statements as you can.
