Kindergarten, Unit 4 Section C Checkpoint	• Relate addition and subtraction expressions to story problems.		• Find the value of addition and subtraction expressions within 5.		
	Explain how an expression connects to a drawing or story problem.	Fill in an expression to represent a drawing.	Use fingers, objects, or drawings to find the value of an expression.	Count all to find the value of the total when 0 or 1 are added.	Use knowledge of the count sequence to find the value of the total when 1 is added.
