**Unit 8 Lesson 10: Multiplication and Division****WU Which One Doesn't Belong: Multiplication and Division (Warm up)**

## Student Task Statement

Which one doesn't belong?

**A****B****C****D**

$$24 \div 6$$

**1 Card Sort: Find the Match**

## Student Task Statement

Your teacher will give you a card that shows an equation or a diagram.

1. Find a classmate whose card represents the same situation or quantities as your card does. Be prepared to explain why your cards belong together.
2. Work with your partner to create a poster that includes:
  - a. your cards
  - b. a different diagram that your division equation could represent
  - c. a situation that your division equation could represent

---

Show your thinking and organize it so it can be followed by others.

## **2 Find the Match Gallery Walk**

### Student Task Statement

As you visit the posters with your partner, answer these questions:

1. Describe a representation you saw that was different from the ones you showed in your poster.
2. Choose a poster that is not yours. Describe one way that it shows the relationship between multiplication and division.
