Info Gap: What's the Point: Reflections

## Problem Card 1

Triangle *GEN* has been reflected so that the vertices of its image are labeled points. What is the image of triangle *GEN*?

Info Gap: What's the Point: Reflections

## Data Card 1

- The image of A is L and the image of L is A
- The image of G is G.
- The image of N is U and the image of U is
- The image of *P* is *T* and the image of *T* is *P*
- The image of R is R.

Info Gap: What's the Point: Reflections

## Problem Card 2

Several points have been reflected across a line that goes through 2 of the labeled points. Precisely describe the reflection.

Info Gap: What's the Point: Reflections

## Data Card 2

- The image of A is G and the image of G is
- The image of D is D.
- The image of *I* is *V* and the image of *V* is *I*.
- The image of *J* is *T* and the image of *T* is *J*.
- The image of *L* is *Q* and the image of *Q* is *L*
- The image of N is N.
