Kindergarten, Unit 2 Section B Checkpoint	• Count up to 10 images in organized arrangements and know the number remains the same regardless of the order in which the images are counted.			• Compare the number of images in groups of up to 10 images.		
	Say one number for each object.	Answer how many without counting again.	Use the structure of 5 (in 5-frames or fingers) to count on from 5 to tell how many.	Compare the number of images in groups.	Use "more," "fewer," and "the same number" to describe comparisons.	Make groups with more, fewer, or the same number than a given group.
