Add to a Teen Number

Let's add to teen numbers.

Warm-up

True or False: Teen Numbers

Decide whether each equation is true or false.
Be prepared to explain your reasoning.

- $10 + 4 = 10 + 5$

- $10 + 3 = 2 + 1 + 10$

- $14 = 10 + 4 + 5$

Activity 1

Rock Collection

Kiran collects rocks.
So far, he has 14 rocks.
He gets 3 more.
How many rocks does Kiran have now?
Show your thinking using drawings, numbers, or words.

Equation: _____

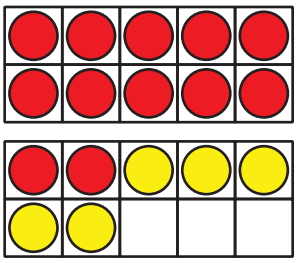

Activity 2

Write Equations: Adding On to Teen Numbers

Find the number that makes each equation true.
Show your thinking using drawings, numbers, or words.

1. $12 + 5 = \square$

2. $6 + 11 = \square$

3. $\square = 17 + 2$

4. $4 + 14 = \square$

5. $\square = 15 + 4$

6. $16 + 2 = \square$

Activity 3

Centers: Choice Time

Choose a center.

Compare

Number Puzzles

$14 = 8 + \square$
