Make Sense of Data

Let's read and ask questions about data.

Warm-up

Notice and Wonder: Graphs

What do you notice? What do you wonder?

Each  represents 1 student.

Activity 1

Picture Time

What could the categories be for this picture graph?

Be prepared to explain your reasoning.

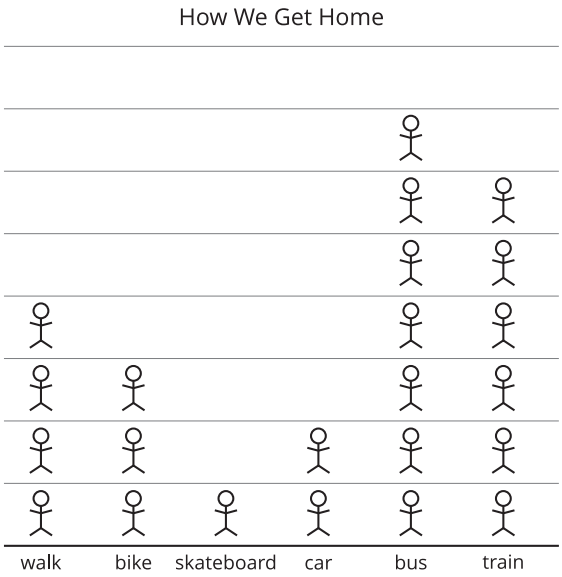

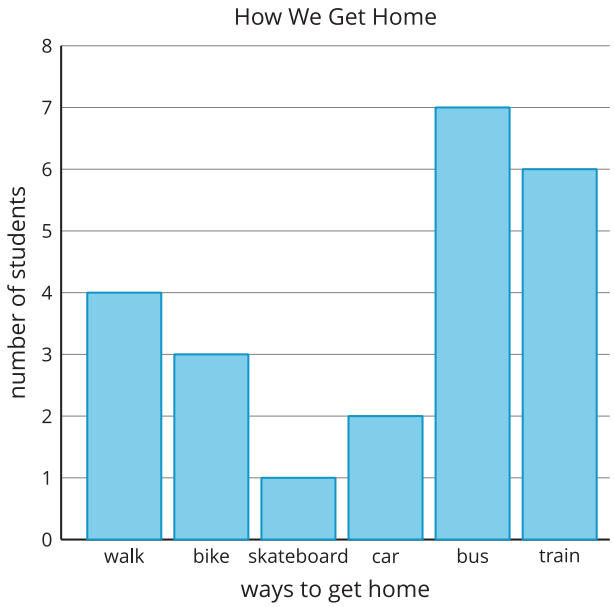

Each  represents 1 student.

Activity 2

Picture Graphs and Bar Graphs

A group of students were asked, “How do you get home?” Their responses are shown in a picture graph and a bar graph.

Each  represents 1 student.

1. How are the 2 graphs alike? How are they different?

2. What can you learn about how students get home based on the graphs?

3. Write 2 questions that can be answered by reading the graphs.
