Card 2

Matching Graphs, Inequalities, and Constraints
Card 4

Matching Graphs, Inequalities, and Constraints

Card 5

$$x - y < 4$$

Matching Graphs, Inequalities, and Constraints

Card 6

$$x \leq 4$$

Matching Graphs, Inequalities, and Constraints

Card 7

$$y < 4$$

Matching Graphs, Inequalities, and Constraints

Card 8

$$x + y \geq 4$$

Matching Graphs, Inequalities, and Constraints

Card 9

Children must be under 4 feet tall to go in the play area.

Matching Graphs, Inequalities, and Constraints

Card 10

Two partners are rock climbing. They are tied together by a rope so that their elevation is always within 4 meters of each other.

Matching Graphs, Inequalities, and Constraints

Card 11

You may spend up to \$4 on snacks at the game.

Matching Graphs, Inequalities, and Constraints

Card 12

The total amount of white paint and red paint must be at least 4 ounces.
