

Directions:

- Choose an object.
- Choose a unit to measure the length. (inches, feet, or centimeters)
- Estimate how many units long your object is.
- Measure. Record the actual measurement.

| object                 | unit          | estimate        | actual measurement |
|------------------------|---------------|-----------------|--------------------|
| <i>example: crayon</i> | <i>inches</i> | <i>5 inches</i> | <i>3 inches</i>    |
|                        |               |                 |                    |
|                        |               |                 |                    |
|                        |               |                 |                    |
|                        |               |                 |                    |
|                        |               |                 |                    |
|                        |               |                 |                    |
|                        |               |                 |                    |
