Make 2-Digit Numbers

Let's make 2-digit numbers with tens and ones in different ways.

Warm-up

Which Three Go Together: Different Ways to Show a Number
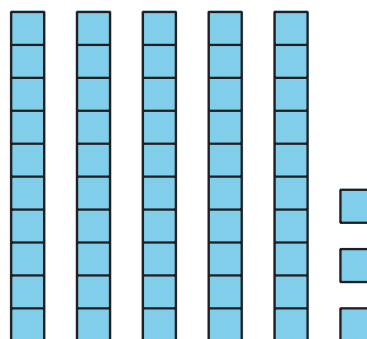

Which 3 go together?

A

5 tens 3 ones

B

$30 + 5$

C

$3 + 50$

D

Make 65 Using Tens and Ones

Create a collection of 65.
You may not break apart any towers.
You may not make any new towers.

Show your collection in a way that others will understand.

If you have time, think of another way to make 65 using the cubes in the bag.

Make 37 in Different Ways

How many ways can you make 37?
Show your thinking using drawings, numbers, or words.
