

Lesson 11: Contemos imágenes (parte 1)

Standards Alignments

Addressing K.CC, K.CC.A.1, K.CC.A.2, K.CC.B.5, K.NBT.A.1

Teacher-facing Learning Goals

- Understand numbers 11–19 as ten ones and some more ones.
- Write a number to answer “how many” questions about groups of up to 19 images.

Student-facing Learning Goals

- Encontremos 10 figuras y averigüemos cuántas figuras hay.

Lesson Purpose

The purpose of this lesson is for students to use the 10 ones and some more ones structure of numbers 11–19 to help them count groups of up to 19 images.

In previous lessons, students counted groups of up to 20 objects and groups of up to 10 images. Students composed and decomposed numbers 11–19 into 10 ones and some more ones. In this lesson, students find a group of 10 images inside a group of 11–19 images and then determine the total number of images. Throughout the section, students have access to a reference sheet that shows numbers 11–20 with dots in 10-frames that they can use to identify written numbers.

Access for:

Students with Disabilities

- Action and Expression (Activity 1)

English Learners

- MLR8 (Activity 2)

Instructional Routines

Choral Count (Warm-up)

Materials to Gather

- Colored pencils, crayons, or markers:
Activity 2
- Materials from previous centers: Activity 3

Lesson Timeline

Warm-up	10 min
Activity 1	10 min
Activity 2	10 min
Activity 3	25 min
Lesson Synthesis	5 min

Teacher Reflection Question

What connections did students make between the different strategies shared? What questions did you ask to help make the connections more visible?

Cool-down (to be completed at the end of the lesson)
