

Attributes of Rectangles, Rhombuses, and Squares

Let's find out what makes rectangles, rhombuses, and squares what they are.

Warm-up

Which Three Go Together: More Attributes

Which 3 go together?

A

B

C

D

Activity 1

What Makes These Shapes So?

1. These are right triangles.

These are not right triangles.

a. Which of the following are right triangles? Circle them.

A

B

C

D

E

F

G

H

I

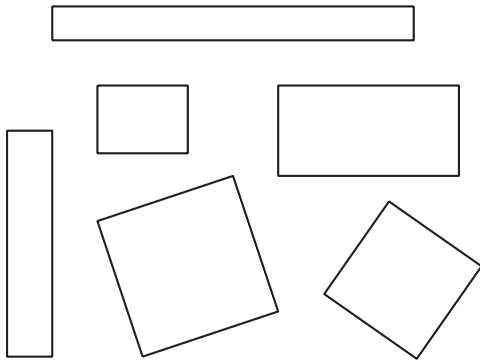

J

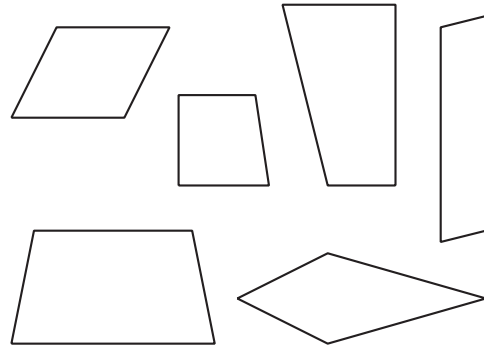

b. What makes a shape a right triangle?

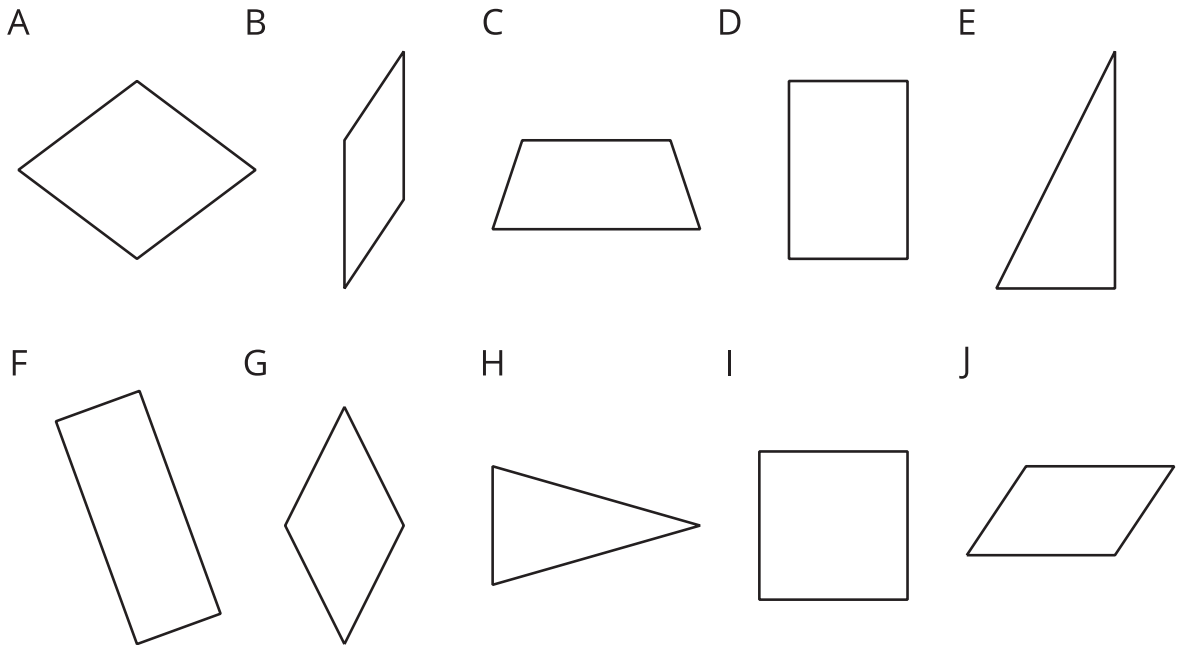

2. These are rectangles.

These are not rectangles.

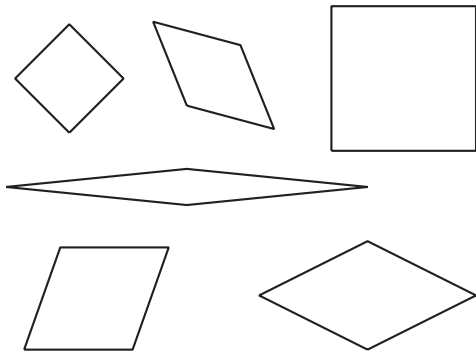

a. Which of the following are rectangles? Circle them.

b. What makes a shape a rectangle?

3. These are rhombuses.

These are not rhombuses.

a. Which of the following are rhombuses? Circle them.

b. What makes a shape a rhombus?

4. These are squares.

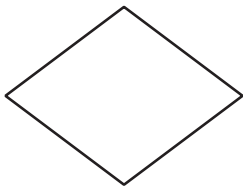

These are not squares.

a. Which of the following are squares? Circle them.

A

B

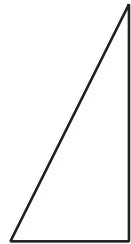

C

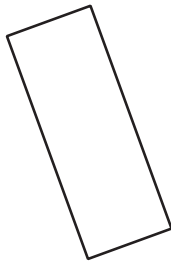

D

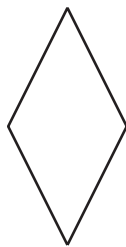

E

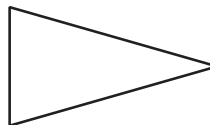

F

G
