

# Measure and Estimate in Centimeters

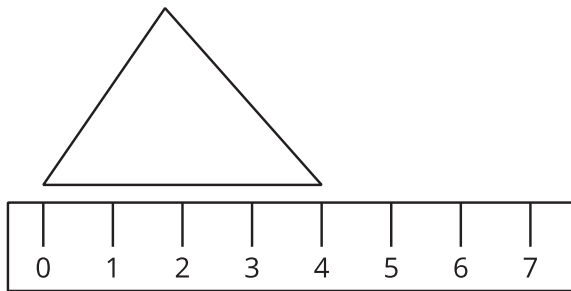

Let's estimate and measure in centimeters.

## Warm-up

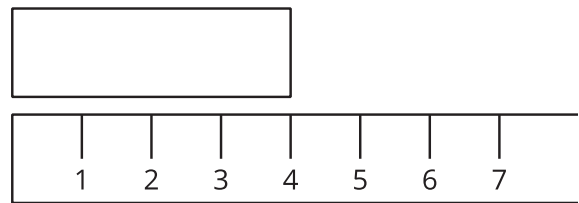

### Which Three Go Together: Length

Which 3 go together?

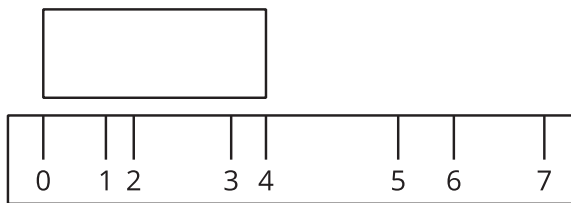

**A**

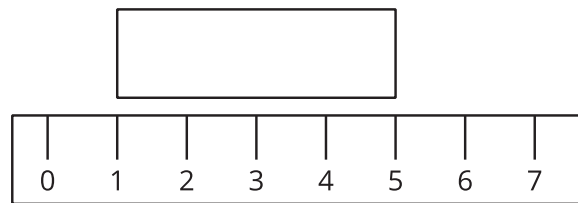

**B**

**C**

**D**

## Activity 1

### Estimate Length in Centimeters

1. Record an estimate that is:

| too low | about right | too high |
|---------|-------------|----------|
|         |             |          |

2. Record an estimate that is:

| too low | about right | too high |
|---------|-------------|----------|
|         |             |          |

3. Record an estimate for each object.
4. Tell your partner why your estimates are “about right.”

Recording Sheet

| object            | estimate | measurement |
|-------------------|----------|-------------|
|                   |          |             |
|                   |          |             |
|                   |          |             |
|                   |          |             |
| Choose an object: |          |             |

## Activity 2

### Measure and Compare

1. Measure each object on your recording sheet. Record each length in centimeters.
2. Compare the measurements to your estimates.
