

CC BY NC 2024 Illustrative Mathematics®

Directions:

- Partner A: Draw a rectangle. Tell your partner either the area or the perimeter of your shape.
- Partner B:
  - Draw the rectangle you think your partner drew.
  - Earn 2 points if your rectangle matches your partner's rectangle.
  - Earn 1 point if it doesn't match but has the correct area or perimeter.
- Take turns. The partner with the higher score at the end of 8 rounds wins.
