

# Lesson 1: Shapes That Are Solid

- Let's sort and describe solid shapes.

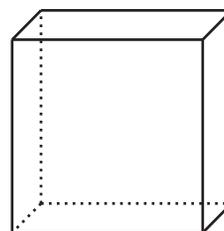

## Warm-up: Which One Doesn't Belong: Shapes

Which one doesn't belong?

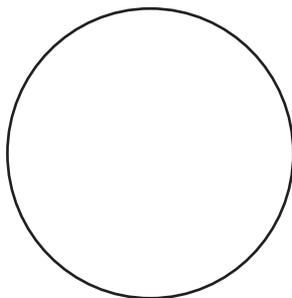

A

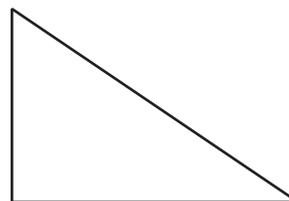

B

C

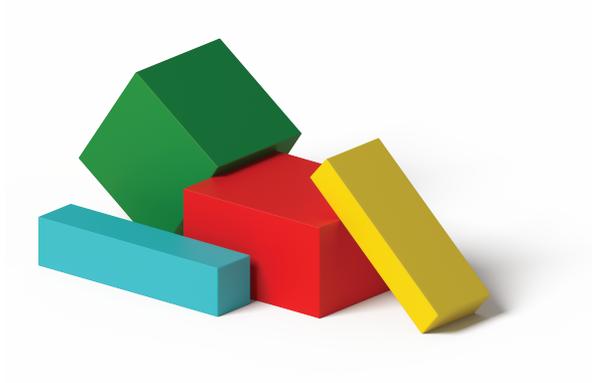

D

## 1.1: Sort Solid Shapes

1. Sort some of the shapes into categories in a way that makes sense to you.  
Explain how you sorted the shapes.

- Sort some of your shapes into categories in a different way.  
Explain how you sorted the shapes.

## 1.2: Describe and Find Shapes

- Pick a bag.
- Each partner feels the shape in the bag without looking at it and thinks about which shape it is.
- Each partner tells which shape they think it is and why.
- Look in the bag to check.
- Pick a different bag.
