CC BY NC 2024 Illustrative Mathematics®

Directions:

- Pick a fraction card.
- Write your number on any space on the board. The numbers must go from least to greatest. If your number is equivalent to a number already on the board, you can write it in the same space.
- You can't move a number once it is on the board. If your number can't be placed on the gameboard, you keep the card, say "pass." You get a point.
- Take turns until all the spaces on the board are filled or there aren't any more fractions that fit on the board. The partner with fewer points wins the game.

Least **Greatest**

Points

Partner A	Partner B

Fraction Cards with Denominators 2, 3, 4, and 6

$\frac{1}{4}$

Fraction Cards with Denominators 2, 3, 4, and 6

$\frac{2}{4}$

Fraction Cards with Denominators 2, 3, 4, and 6

$\frac{3}{4}$

Fraction Cards with Denominators 2, 3, 4, and 6

$\frac{4}{4}$

Fraction Cards with Denominators 2, 3, 4, and 6
