

## Directions:

- Each partner:
  - Roll 3 number cubes. Use the numbers to complete the expression. Write the product.
  - Check your partner's work to make sure you agree.
  - Determine the number of points:
    - 2 points for creating an expression with a value less than 1
    - 5 points for creating an expression with a value greater than 1
    - 10 points for creating an expression with a value equal to 1
- Take turns. The partner with more points after 6 rounds wins the game.

| round | equation                                   | points |
|-------|--|--------|
| 1     | $\square \times \frac{\square}{\square} =$ |        |
| 2     | $\square \times \frac{\square}{\square} =$ |        |
| 3     | $\square \times \frac{\square}{\square} =$ |        |
| 4     | $\square \times \frac{\square}{\square} =$ |        |
| 5     | $\square \times \frac{\square}{\square} =$ |        |
| 6     | $\square \times \frac{\square}{\square} =$ |        |

- Each partner:
  - Roll 2 number cubes. Use the numbers to complete the expression. Write the product.
  - Check your partner's work to make sure you agree.
  - Determine the number of points each partner gets:
    - 2 points for creating an expression with a value less than 1
    - 5 points for creating an expression with a value greater than 1
    - 10 points for creating an expression with a value equal to 1
- Take turns. The partner with more points after 6 rounds wins the game.
