

These images are examples of what to display for the *Questions about Us* routines in Section B. In order to create a display that will be visible to the whole class, print and cut out enough 5-frames so that there is a square for each student in the class. For example, if there are 23 students in the class, cut out four 5-frames and three additional squares. Consider laminating the display and using a dry erase marker. If possible, enlarge these images.
