

## Directions:

- Take out the cards that show 0 and 10. Set them aside.
- On your turn:
  - Start at 55. Pick a number card.
  - Add that number to your starting number.
  - Write an equation to represent the sum.
- Each round, the sum from the last equation is the starting number in the new equation.
- Take turns until you've played 6 rounds.
- The partner to get a sum closer to 95 without going over wins.

| number card | equation                                                                                  |
|-------------|-------------------------------------------------------------------------------------------|
|             | $\underline{55} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$              |
|             | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
|             | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
|             | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
|             | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
|             | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |

## Directions:

- On your turn:
  - Start at 0. Roll 3 cubes. Choose 1 number to represent the tens, 1 number to represent the ones, and 1 number to not use.
  - Add the tens and ones to the starting number.
  - Write an equation to represent the sum.
- Each round, the sum from the last equation is the starting number in the new equation.
- Take turns until you've played 4 rounds.
- The partner to get a sum closer to 100 without going over wins.

| roll and choose        | equation                                                                                  |
|------------------------|-------------------------------------------------------------------------------------------|
| ____ tens<br>____ ones | $\underline{\quad 0 \quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$   |
| ____ tens<br>____ ones | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
| ____ tens<br>____ ones | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |
| ____ tens<br>____ ones | $\underline{\quad\quad\quad} + \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$ |

## Directions:

- Take out the cards that show 0 and 10. Set them aside.
- On your turn:
  - Start at 100. Pick a number card. Choose whether to subtract that number of tens or ones from your starting number.
  - Write an equation to represent the difference.
- The difference is the starting number in the next equation.
- Take turns for 4 rounds.
- The partner to get a difference closer to 0 without going below 0 wins.

| number card | choose                           | equation                                            |
|-------------|----------------------------------|-----------------------------------------------------|
|             | <b>tens</b><br>or<br><b>ones</b> | <u>100</u> — <u>        </u> = <u>        </u>      |
