Unit 9, Lesson 2

Fluency Flip

Let's add and subtract fluently.

Warm-up

True or False: Sums within 20

Decide if each statement is true or false. Be prepared to explain your reasoning.

- $8 + 5 = 8 + 2 + 5$

- $8 + 5 = 8 + 2 + 3$

- $8 + 5 = 10 + 3$

Activity 1

Heads Up: Make 20

Directions:

- Partner A holds a card on their forehead without looking.
- Partner B names the number you must add to the number on the card to get 20.
- Partner A says the number on their card.
- Record an equation to represent how you found the unknown addend.
