

Lesson 11: Create Groups of Images

- Let's make groups that have more, fewer, or the same number of images.

11.1: Draw Groups of Images

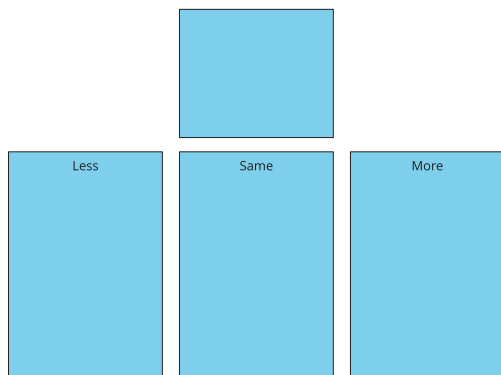

my group	my partner's group

my group	my partner's group

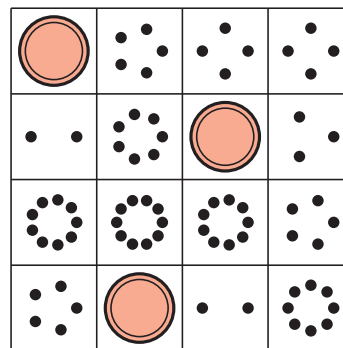

11.3: Centers: Choice Time

Choose a center.

Less, Same, More

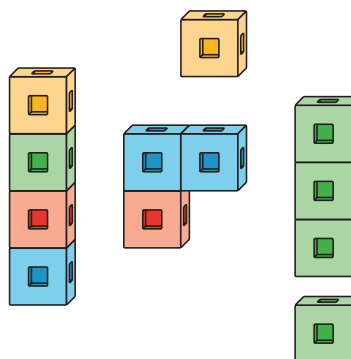

Bingo

Number Race

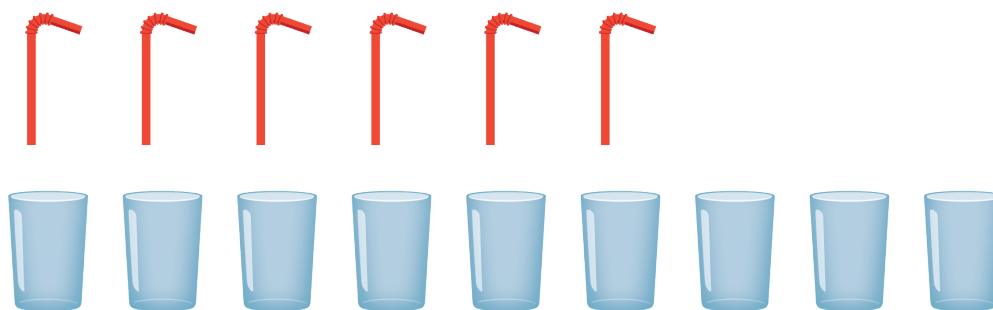

Section Summary

Section Summary

In this section, we counted many different groups of things. We kept track of which ones we counted to make sure that we only counted each thing one time.

We also compared the number of things in groups using “more”, “fewer”, and “the same number.”

Sometimes we could just see that there were more.

There are more cups than straws.

Sometimes we had to match or count to figure out which group had fewer.

6 dots is fewer than 7 dots.
