Directions:

- Remove the cards that show 10 and set aside. Shuffle the cards and place them facedown in a stack.
- Pick a card. Write that number as a digit in one of your blanks for Round 1.
- Take turns.
- Once a digit is placed, it can't be moved.
- Repeat until each partner has a 6-digit number.
- Write a comparison using >, <, or =.
- The partner with the greater 6-digit number wins the round.

Round 1:

Partner A's Number	Partner B's Number
Compare using >, <, or =.	

Round 2:

Partner A's Number	Partner B's Number
Compare using >, <, or =.	

Round 3:

Partner A's Number	Partner B's Number
Compare using >, <, or =.	

Round 4:

Partner A's Number	Partner B's Number
Compare using >, <, or =.
