Directions:

- Partner A:
  - Spin to get a measurement.
  - Ask your partner a question comparing that measurement to an amount in a smaller unit in the same measurement system.

hours - minutes - seconds	liters - milliliters
kilometers - meters- centimeters	pounds - ounces
feet - inches	kilograms - grams

- Partner B:
  - Answer your partner's question.
  - Explain your choice.
- Switch roles and repeat.

Would you rather _____ _____
verb measurement you spun

or _____ _____ ?
number measurement unit you chose
