

The image displays a series of 10 horizontal black lines. Between each line, there are seven evenly spaced black dots. This layout is designed for a math activity, likely for practicing the distributive property using the area model. Each line and dot represents a unit in a larger grid.

The form consists of 12 horizontal lines, each with 7 dots positioned below it. The dots are evenly spaced and serve as guides for writing short strips of text. The lines and dots are black on a white background.
