

## Directions:

- On your turn:
  - Start at 0. Roll 3 number cubes. For each cube, decide whether it represents hundreds, tens or ones that you will add to your starting number.
  - Write an equation to represent the sum.
- The sum is the starting number in the new equation.
- Take turns for 4 rounds.
- The partner to get a sum closer to 1,000 without going over wins.
