Info Gap: Angle Finding

## Problem Card 1

Find the measure of angle *b*.

Info Gap: Angle Finding

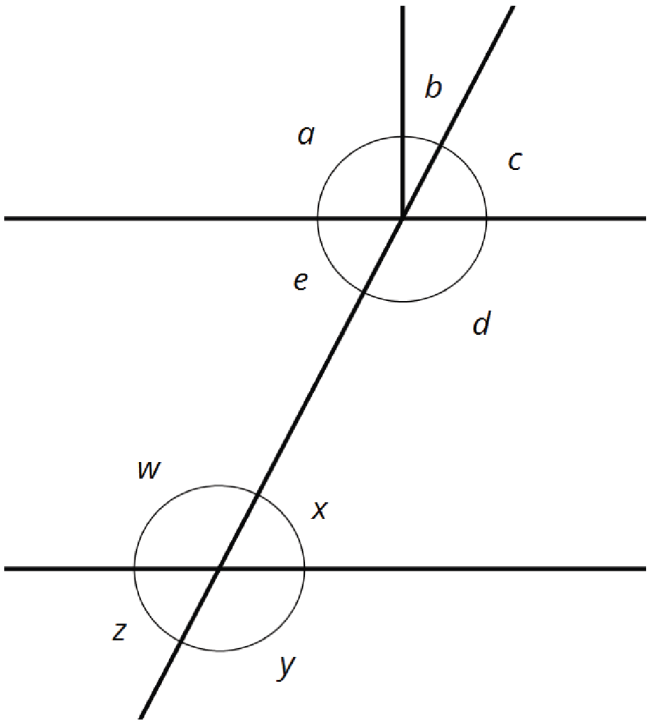

## Data Card 1

- Angles c and e are vertical angles.
- Angles a and c are complementary angles.
- The measure of angle d = 124°.
- The measure of angle c = 56°.

Info Gap: Angle Finding

## Problem Card 2

Find the measure of angle *b*.

Info Gap: Angle Finding

## Data Card 2

- The measure of angle a = 90°.
- The measure of angle z = 63°.
- Angles c and z are not vertical angles.
- Angles d and x are supplementary angles.
