Missing Shape

Missing Shape

4 triangle
faces

1 square
face

It stands on this

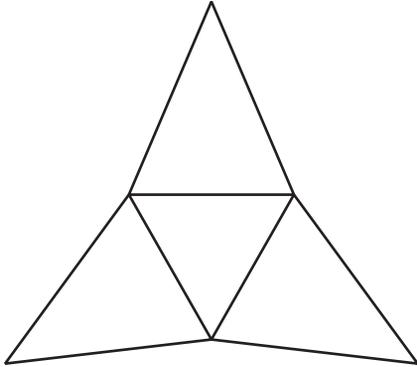

Student Task Statement

Make a poster to describe your solid shape. Use words, numbers, and drawings to help other groups name

your shape.

2 Sort and Build Solid Shapes

Images for Launch

Student Task Statement

1. Sort your shape design cards into groups. Be prepared to describe how you sort the cards.
2. Match one of your cards to a solid shape. Explain your match.
3. Which shape designs could be folded to make cubes? Explain.
4. Your teacher will give you 2 shape designs. Fold the shape designs to make cubes. Compare your cube with your partner's cube.

Activity Synthesis
