30 + 5

C

3 + 50

D

Activity 1

Make 65 Using Tens and Ones

Create a collection of 65.
You may not break apart any towers.
You may not make any new towers.

Show your collection in a way that others will understand.

If you have time, think of another way to make 65 using the cubes in the bag.

Activity 2

Make 37 in Different Ways

How many ways can you make 37?
Show your thinking using drawings, numbers, or words.

Activity 3

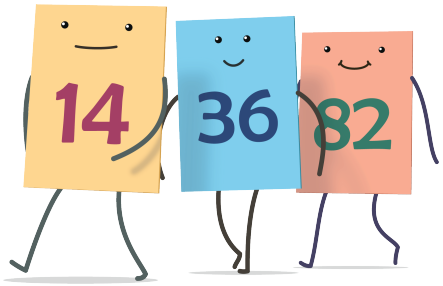

Centers: Choice Time

Choose a center.
