

Rolling for Fractions Stage 1 Recording Sheet

- Each partner:
  - Roll 6 number cubes. If you roll any fives, they count as a wild and can be any number you'd like.
  - See if you can fill in a statement to show equivalent fractions.
  - If you cannot make equivalent fractions, re-roll as many cubes as you'd like.
  - If you can make equivalent fractions, record your statement and show or explain how you know the fractions are equivalent. You get 1 point for each pair of equivalent fractions you write.
- Take turns. The partner who has the most points once the recording sheet is full wins the game.
