Grade 1, Unit 6 Section B Checkpoint	• Lay length units end-to-end with no gaps or overlaps and count the units to determine length.		• Count groups of up to 120 objects and write a number to represent them.	
	Measure length by iterating length units.	Explain why measurements of the length of the same object can be different.	Read and write numbers 100–120.	Count a group of 100–120 objects and represent it with a written number.
