Unit 1, Lesson 12

Tons and Tons of Garbage

Let's investigate what happens to garbage.

Warm-up

Notice and Wonder: Garbage Truck

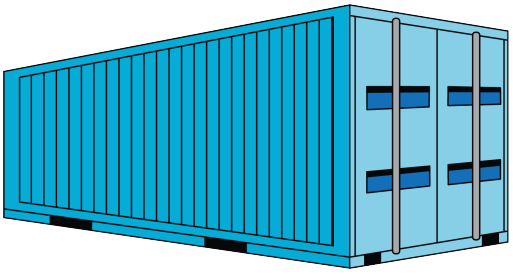

What do you notice? What do you wonder?

Activity 1

Sixty Containers

1. Find at least 5 different ways to arrange 60 containers. Represent each arrangement with an expression.

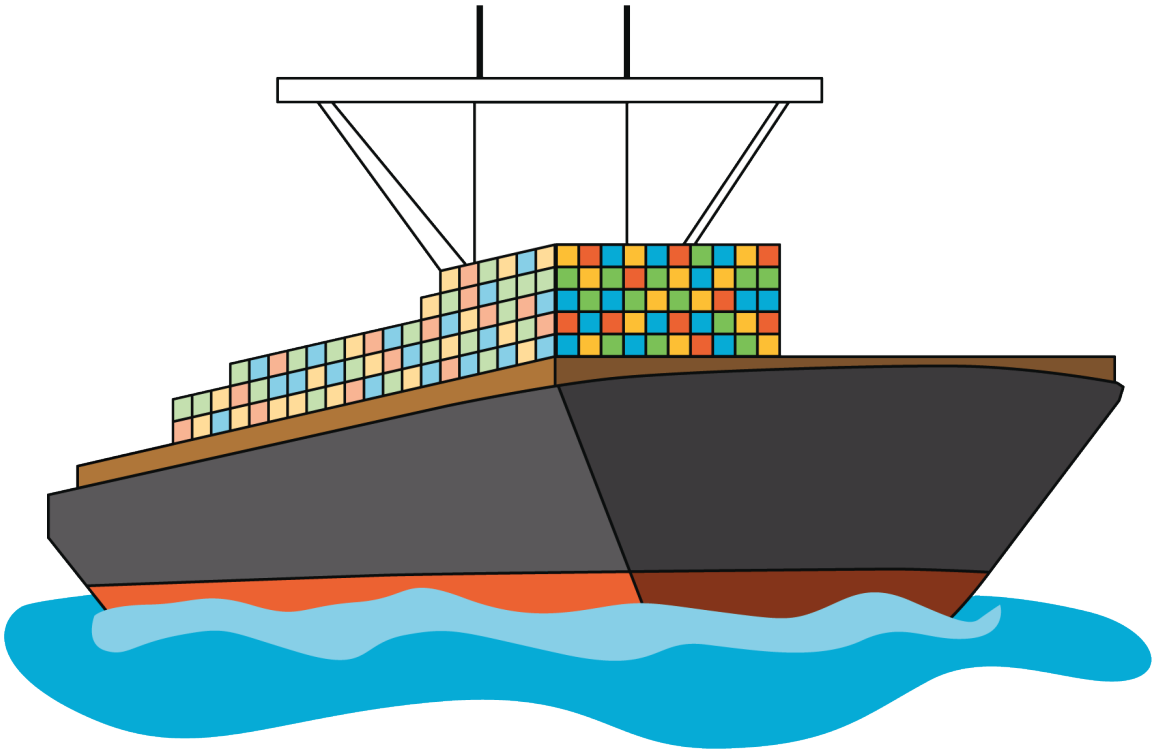

2. Create a display to show which is the best arrangement for shipping the 3,300 tons of garbage.

Activity 2

How Many Containers on the Ship?

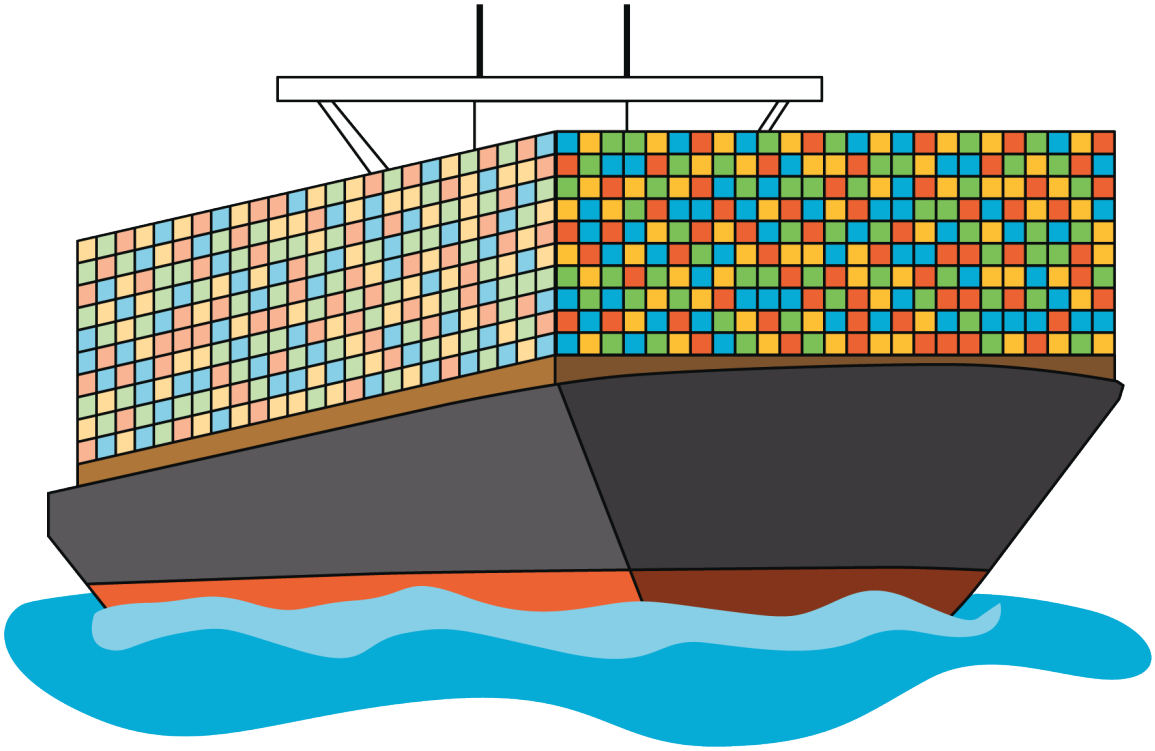

1. How many containers are on the cargo ship?

Record an estimate that is:

too low	about right	too high

2. How many containers are on the cargo ship?

Record an estimate that is:

too low	about right	too high

3. What assumptions did you make when you came up with your estimates?
