Unit 7, Lesson 3

Count On or Count Back to Subtract

Let's find the difference between numbers.

Warm-up

Number Talk: Tens and Hundreds

Find the value of each expression mentally.

- $120 + 20$
- $120 + 200$
- $124 + 30$
- $124 + 300$

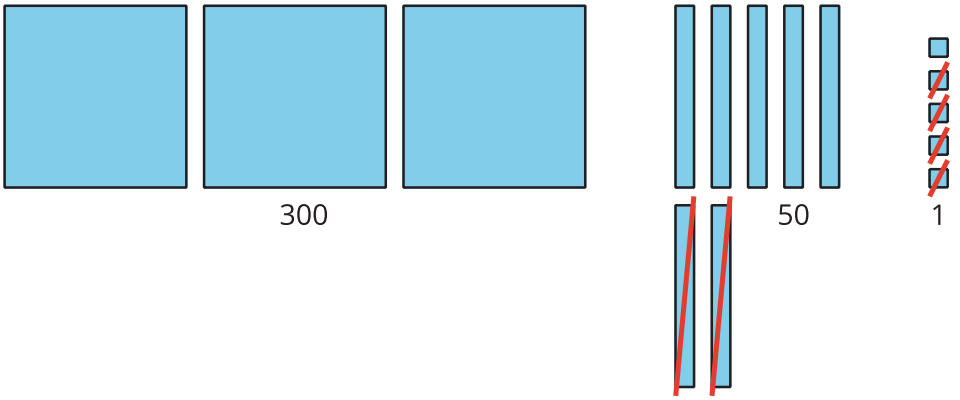

Activity 1

Jump Back, Back, Back

Jada and Andre find the value of $375 - 24$.

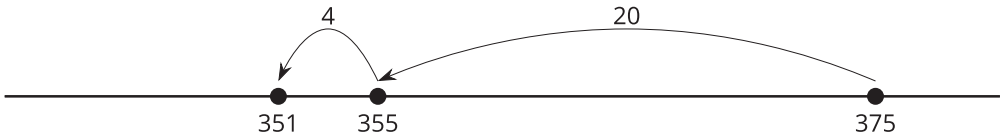

Jada's work

$375 - 24 = 351$

Andre's work

$375 - 20 = 355$
$355 - 4 = 351$
$375 - 24 = 351$

What do you notice? What do you wonder?

1. Try Andre's way. Find the value of $189 - 73$. Show your thinking, using drawings, numbers, or words.

   Use a number line if it helps.

2. Find the value of $647 - 46$. Show your thinking, using drawings, numbers, or words.

   Use a number line if it helps.

Activity 2

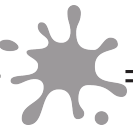

Who Spilled Paint?

Oh no! Diego spilled paint on his paper. He can't see all the numbers.

+ 540 = 1,000

Find the number that makes each equation true.

1. 250 +  = 1,000
2. 600 – 440 = 
3. 680 +  = 900
4.  + 590 = 1,000
5. 900 – 370 = 

1. _____
2. _____
3. _____
4. _____
5. _____
