Unit 2 Lesson 14: Compare with Addition and Subtraction

WU True or False: Equal Sign (Warm up)

Student Task Statement

Decide if each statement is true or false.
Be prepared to explain your reasoning.

- $7 + 3 = 10$
- $10 = 7 + 3$
- $10 = 3 + 6$

1 Is It Addition or Subtraction?

Student Task Statement

There are 8 glue sticks and 3 scissors at the art station.
How many fewer scissors are there than glue sticks?

Mai created a picture.

glue sticks 

scissors 

She is not sure which equation she should use to find the difference.

$$8 - 3 = \boxed{5}$$
$$3 + \boxed{5} = 8$$

Help her decide.

Show your thinking using drawings, numbers, or words.

2 Which Equation?

Student Task Statement

1. There are 5 red pillows and 3 blue pillows on the reading rug.
How many more red pillows are there than blue pillows?
Show your thinking using drawings, numbers, or words.

Circle the equation that matches the problem.

$5 + 3 = \square$

$5 - 3 = \square$

$5 + \square = 3$

$3 + \square = 5$

2. There are 7 calculators on the table.
There are 8 math books.
How many more math books are there than calculators?
Show your thinking using drawings, numbers, or words.

Circle the equation that matches the problem.

$7 + \square = 8$

$8 - 7 = \square$

$7 - 8 = \square$

$8 + \square = 7$

3. In Mr. Green's class, 3 students have purple backpacks and 7 students have black backpacks.
How many more students have black backpacks than purple backpacks?
Show your thinking using drawings, numbers, or words.

Circle the equation that matches the problem.

 $3 + 7 = \square$

$3 + \square = 7$

$7 - \square = 3$

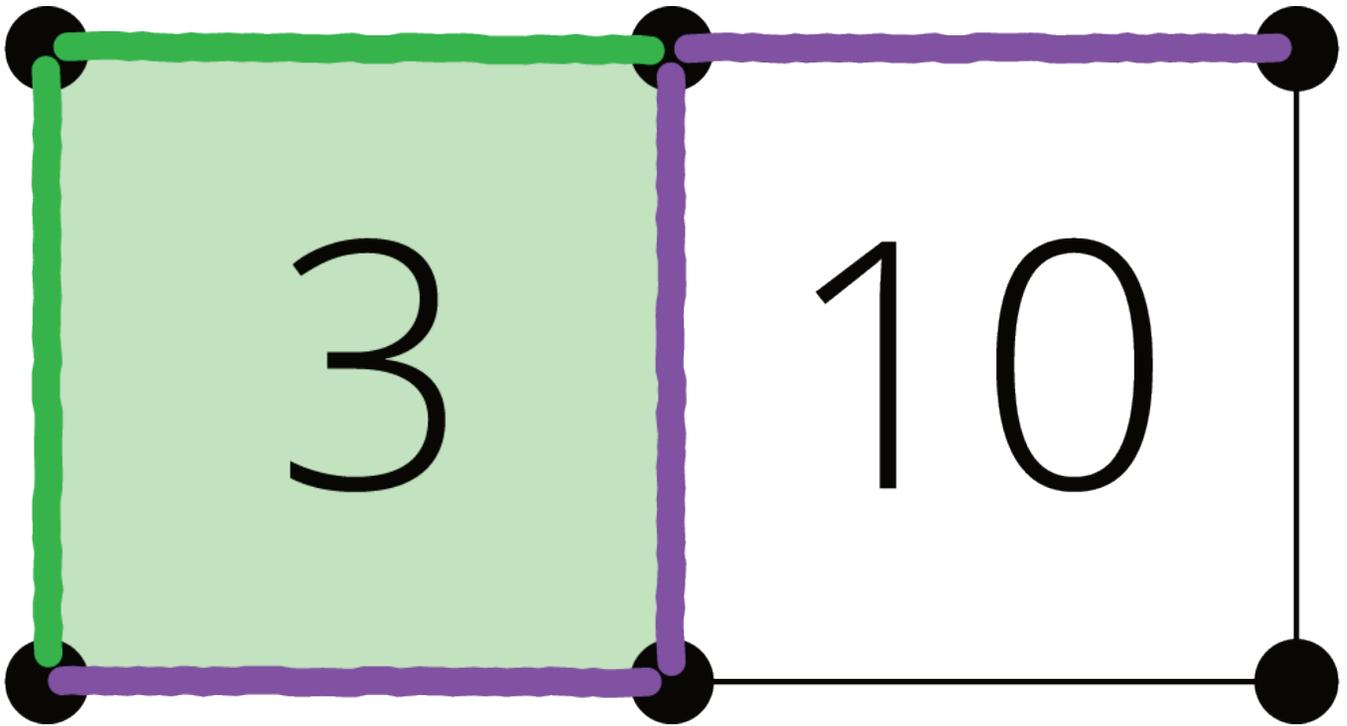

$7 + \square = 3$

3 Centers: Choice Time

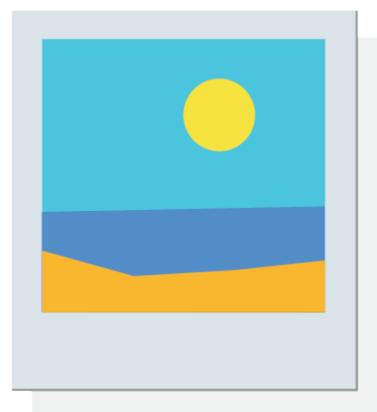

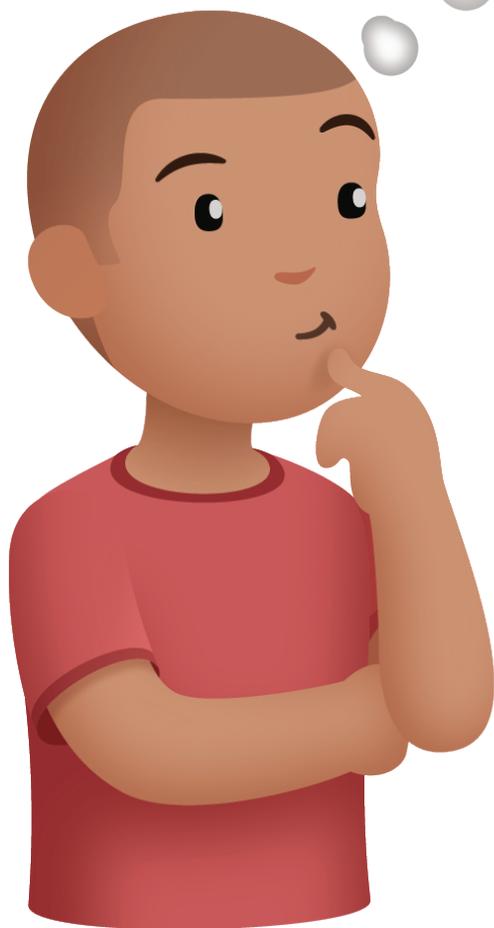

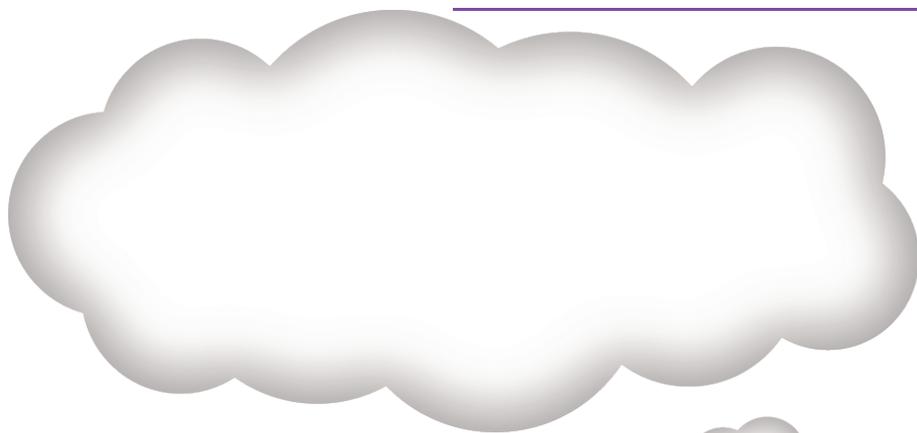

Student Task Statement

Choose a center.

Capture Squares
