Instrucciones:

- Compañero A: cubre un número. Este es tu puntaje en este turno.
- Compañero B: cubre todos los factores de ese número. La suma de los factores es tu puntaje en este turno.
- Por turnos, escojan números y encuentren factores.
- Si un compañero escoge un número del que ya no quedan factores descubiertos, ese compañero pierde el turno y no gana puntos en ese turno.
- El juego termina cuando no queden números que tengan factores descubiertos. Gana el compañero que tenga el mayor puntaje.
