

Info Gap: Ways to Represent a Sequence

## Problem Card 1

1. What is the fifth term of sequence  $K$ ?
2. Represent the first five terms of sequence  $K$  by sketching a graph.

Info Gap: Ways to Represent a Sequence

## Data Card 1

- $K(1) = 16$
- $K(n) = K(n - 1) - n$  for  $n \geq 2$

Info Gap: Ways to Represent a Sequence

## Problem Card 2

Represent the first five terms of sequence  $Q$  by making a table.

1. Write a recursive definition for sequence  $Q$ .
