3 feet

Activity 1

Two Truths and a Lie

Your teacher will give you a fact sheet about some animals or ask you to perform some research.

1. Choose 2 animals that you would like to compare.
2. Use the information from your teacher or your research to write 2 true comparison statements and 1 false comparison statement about these animals.
 - a. Write 1 statement on the front side of each index card.
 - b. On the back side of each card, write whether the statement is true or false.

Activity 2

Gallery Walk: Two Truths and a Lie

1. Read at least 5 statements that are not yours and decide if they are true.
 - Find at least one statement that is false. Write down the statement here. Explain or show how you know.

- If a statement you read is unclear, use a sticky note to leave a comment or question for the writer.

2. Collect your cards and any notes that your classmates might have left for you.

2. Collect your cards and any notes that your classmates might have left for you.

- Think about how to make revisions to make your statements stronger and clearer.
 - Record your revised statements here.
